

Student Center  
Swings Again;  
Dance Today

William Gerbracht, director of student activities, this week announced the beginning of several Student Center activities.

Heading the list are the Friday afternoon dances which are to begin in the Ouampi Room this afternoon from 3 to 4:45 p.m.

"Little Willie and the Night Twisters" will be featured at the opening TGIF dance.

Any group on campus who would like to entertain at the dances should contact the Student Program Committee or Mr. Gerbracht in his office in the Student Center.

**"Midnight Lace"**

"Midnight Lace" will be the first of a series of movies to be presented in the Student Center Movie Program. The movie will start at 7:30 p.m., Monday, in the ballroom.

Each Wednesday movies of the Omaha University football games are to be shown in Room 313 of the Student Center at 12:30 p.m. One of the coaches will narrate the film.

There will be no admission charge for regular students to these Student Center activities.

**Official Opening**

The official opening of the Ouampi Room annex and the bowling alley will be held Monday at 10:30 a.m., Mr. Gerbracht said.

Student Council President Jim Leslie will participate in the ribbon cutting ceremony. Joe Baker, salesman for a local television station, will represent the alumnae.

After Monday the annex and bowling alley will be open to students, Mr. Gerbracht said.

**University Nights  
Topic To Be 'Our  
Living Heritage'**

Tonight's opening program for this season's "University Nights" series will feature a panel discussion of "Our Living Heritage," at 8 p.m. in the Eppley Conference Center.

The panel, comprised of Merrill Mattes, National Park Service; Richard Ahlbom, curator, Joslyn Art Museum; Dr. A. Stanley Trickett, Head, Department of History; Dr. W. D. Aeschbacher, Director, Nebraska State Historical Society; and William T. Utley, Head, Department of Political Science, will develop the case for the importance of local history as a part of the culture of community.

Other programs in the eight-event series include the film, "The World of Apu"; a panel discussion on urban renewal and redevelopment; a University Theater production; the topic, "Soviet Rulers and Their Problems," presented by Edward L. Freers, former Minister-Counselor of the American Embassy in Moscow; a Sinfonia group conducted by Albert ("Red") Travis; and a panel discussion on the meaning of architecture and its value.

The Oct. 26th program, fourth in the series, will offer the two films, "The Kitchen" and "Submerger Glory," instead of "Diabolique," which was formerly scheduled to appear.

Eyes made their way skyward Wednesday as a huge balloon hovered over the OU campus. The balloon was part of a sales campaign for ticket sales. The balloon was put up by the Concord Club. A little maneuvering with two photographs has produced the effect that this picture was taken from the air. Actually two photographs have been pasted together and made into one engraving. Both photos were taken by Denny Waterman. The one of the buildings was taken from on top of the Administration Building and the other of the balloon from the Women's P. E. field.

**Hopes for Athletic Ticket Sales Boost  
Go Up With Big Balloon on Wednesday**

Hundreds of eyes looked skyward Wednesday as a huge balloon soared 250 feet above the women's athletic field to promote Omaha University football ticket sales.

The balloon, which took about 8 tanks of helium and one hour to fill, belongs to the Grove Mulick Builders.

Workers began filling the huge ball, worth \$1,200, at 10:15 a.m. and were finished at 11:20,

just in time for raising when the class break came.

Students sat and stood along the sidewalk south of the library as others were busy holding the balloon tight so that it would not get away from them.

The Concord Club, under President Warren Wallace, has been sponsoring the ticket sales campaign for OU for many years.

The ball, with "OU Football" hanging down on a square kite

affair, was to be flown at the Crossroads Thursday and today before tomorrow's first home game against Bradley.

Also working with the balloon were Don Copenhaver, Hal Grove and Don Mulick, members of the club.

To avoid long lines, advance tickets may be picked up today at the Field House, Athletic Business Manager Harvey Vogler, said.

**Bradley Foe:  
Full Standing  
A Possibility**

Optimism was running high on campus this week in anticipation of tomorrow's gridiron duel between undefeated Omaha University and twice-beaten Bradley University.

"This is our year," President Milo Bail said.

"This is our best team since OU won the Tangerine Bowl in 1955," he said.

"A wide open game," predicted Indian head coach Al Caniglia.

"We will be trying out the unlimited substitution rule for the first time this season and the team moral is very good," he said.

**Pair of Wins**

The Indians carry a pair of wins over Morningside (18-13) and Colorado State College (41-22) into tomorrow's 2 p.m. encounter on the home field.

Bradley's Braves have been dumped twice this season by State College of Iowa (27-6) and Butler (34-16).

However, Caniglia is looking for a strong passing attack from Bradley.

In the Peoria, Ill., club's first two games this season, their quarterbacks passed 77 times, only 3 for a touchdown.

But OU has kept the airlines active, hitting six TD's via the sky route.

**Lack of Depth**

Word from the Bradley camp this week indicated that inexperience and a lack of depth are the main Brave problems.

One of the newcomers to watch, though, is Sophomore quarterback Bob Caress. He has connected on 22 of 55 passes for 265 yards in the first two games.

Tomorrow's game will be the seventh meeting on the gridiron between Bradley and Omaha since 1937 with the Braves holding a 4-2 edge over the Indians.

Most of the experts are picking Omaha U to chalk up another mark in their win column.

**Probable Starting Lineups:**

Omaha U	Bradley
Blanch 6-0 107 LE...	6-3 105 Sellert 83
Jesko 6-2 215 LT...	6-1 230 Kirgen 73
Roberto 5-9 199 LG...	5-9 185 Logan 67
Eissler 5-10 210 C...	5-11 185 Hermann 50
Baughn 5-10 205 RG...	5-10 185 Banks 60
Gallo'y 6-2 220 RT...	6-2 215 Allen 76
Ketle 6-2 2-2 RE...	6-1 185 Harris 86
Meyers 5-11 161 QB...	6-2 180 Caress 12
Sayers 5-8 157 LH...	5-11 180 Rider 42
Millon 5-5 149 RH...	5-10 165 Bolley 20
Buckles 5-8 197 FB...	5-10 190 Curry 32

**Capacity Crowd Expected**

Harvey Vogler, athletic business manager, said a capacity crowd is expected for the Indian gridiron opener with Bradley U. tomorrow.

There's no change in the entry method for students. Activity cards will continue to serve for admittance. Seating arrangements are the same, below the cross aisle in all sections.

Using a record University enrollment as a gauge, Mr. Vogler said a good student turnout "could seriously tax our seating capacity and students can assist in distributing the crowd flow if they will use the north fence gate for their entry into the stadium."

A word of caution in the use of activity cards for entry: Don't be conned into letting someone else use your activity card or using someone's other than your own. The lack of discretion could result in disciplinary action and could deprive a fellow student of a seat he rightfully deserves, Mr. Vogler said.

## Editorial Comments

The University of Mississippi probably has made a bigger splash in the national news headlines the past few days than if it were fielding an unbeaten football team.

The reason: a 29-year-old Air Force veteran, who happened to be a Negro, tried to enroll at "Ole Miss" last week.

Despite threats of contempt of court citations, Gov. Ross Barnett had himself designated something called "acting registrar" of MU and he flatly denied admission to James Meredith.

According to press dispatches, Mr. Meredith, accompanied by federal officers, walked off the MU campus while a group of students chanted "nigger, nigger, nigger"—much like a chant for a football team.

The students cheered Governor Barnett. He was "their man."

Here at Omaha University, a young man, who happens to be a Negro, will appear before his fellow students tomorrow afternoon.

Roger Sayers, no doubt, will be cheered along with his teammates.

Mr. Sayers, through his athletic ability, has brought national headline attention to Omaha University that would make anyone swell with pride.

Mr. Sayers is "our man."

Somehow, it makes one feel sorry for Governor Barnett, "Ole Miss" and the student "yell squad."

Somehow, the words "Ole Miss" no longer represent the nickname of a once-great university.

Somehow, the words "Ole Miss" leave a sinking feeling in the stomach.

## Letters to the Editor . . .

For those students who have the misfortune of not having a seven-thirty class, the parking problem is a very real thing. They can readily attest to the beauty of Elmwood Park, as they have to walk from the depths of it every morning. At times even the capacity of the park seems stretched to the breaking point as the cars seem to arrive in a never-ending stream.

But the enrollment is up twelve per cent, we are informed, and people are coming to college in an ever increasing wave. O.U., along with the majority of colleges across the country, was caught unaware of this new influx. However, a receiving station for the frost-bite victims this winter might be considered to revive those who have walked from the regions of Leavenworth or Ak-Sar-Ben.

Another topic of discussion among students seems to be the matter of parking meters on the campus. According to an article in the Omaha World Herald of August of this year, the University of Omaha was again in the black (for the Nth year in a row), by a margin of over 60,000 dollars. The article further enumerated that parking meters had contributed to the University the average sum of 3,000 dollars a month, or about 30,000 dollars a year. Therefore, discounting revenue brought in by the meters, there still would have been an excess of 30,000

dollars for the University coffers last year. So what was done? Not only was the tuition raised, but the last big free lot to the west of the Applied Arts building was filled with these unsympathetic machines.

Never have I encountered such a high ratio of parking meters, to the amount of parking area available, at other colleges. Other campuses seem to get along fine without these vast numbers of slot machine-like contraptions, why must the OU campus be flooded with them. I am sure the University would be just as solvent without them.

Dave Pavel

### More Parking Woes

Last Wednesday morning I arrived on campus at 8:20 a.m. and at 8:35 I was still driving around looking for a parking place.

I'm not complaining about the lack of parking facilities because I know the University has a problem there, but as I was driving around, I noticed a practically empty lot east of the Applied Arts building. A campus policeman told me that the lot was reserved for the city police enrolled in the new police science course. Why?

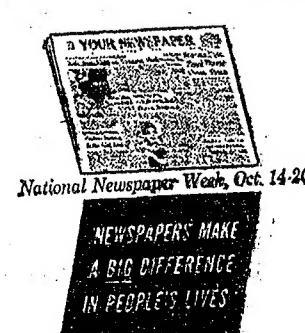

Public Safety Director Chris Gugas recently issued an appeal to the public for funds to give scholarships to those wishing to enroll in the course.

There are a good many other students on this campus who have full-time jobs and pay their own way and have to fight for a parking space. Why is it made so easy for the Omaha Police?

## 'No Comment' On Bidding

Sororities at Omaha University for the first time are using a new system of recruiting new members but the Panhellenic Council, which adopted the system, had "no comment."

It is called "continuous open bidding," which allows a girl to pledge a sorority without going through formal rush.

### Pledge any time

In effect, girls may pledge a sorority at any time if the organization is participating in open bidding and if it has not exceeded its pledge quota.

Continuous open bidding was adopted by the Panhellenic Council several weeks ago, but it is not considered a step toward eliminating formal rush week.

Dean of Women Elizabeth Hill, Panhellenic advisor, said, "there is no assurance" open bidding will become a permanent policy of OU sororities.

### New Experience

"This is a new experience (at OU) even though it has been tried on other campuses in the past," she said.

Dean Hill emphasized to the Gateway that no publicity be given the system of continuous bidding now being used by OU sororities.

Officially the Panhellenic Council had "no comment" on the system.

Children receive the biggest percentage of benefits from your contribution to the 1962-63 Red Feather-Red Cross fund drive. Help those youngsters who are not as fortunate as you are—the homeless, the mentally and physically handicapped.

## Christ Child Employee Boosts UCS Drive

By Mary Beth Meyers

This past summer I was employed at the Christ Child Society. It is an agency of the United Community Services.

Christ Child is an unusual place. The children that take advantage of the extensive recreational program are as different from each other as night and day.

One of the little girls I taught was an Indian. Her father and mother were divorced. There were seven children in the family. Her brothers and sisters were farmed out to the neighbors during the day while her mother worked as a maid at a downtown hotel. These "babysitters" turned the brood loose as soon as the mother left. They

all spent their days at Christ Child.

### Little Boy Named Joey

Another little boy named Joey had three small sisters. They all lived within three blocks of Christ Child. The four came from a normal family situation. But — Joey was a terror on wheels. His favorite trick was putting frogs in the instructors purses.

I could go on for hours about all the cute things he did while I was teaching him swimming, but I won't.

There were approximately 2,000 children coming in and out of the three Christ Child Centers during the 1961-62 school and summer year. All of these had their own definite personalities, problems and interests.

**Most Important Concern**  
At Christ Child children are their most important concern. However, layettes are distributed to deserving mothers. These baby supplies are a big help to every mother that receives one.

Christ Child officials have day camp, resident camp, arts and crafts, swimming lessons, cooking, dancing, sports activities, and various games for children throughout the year.

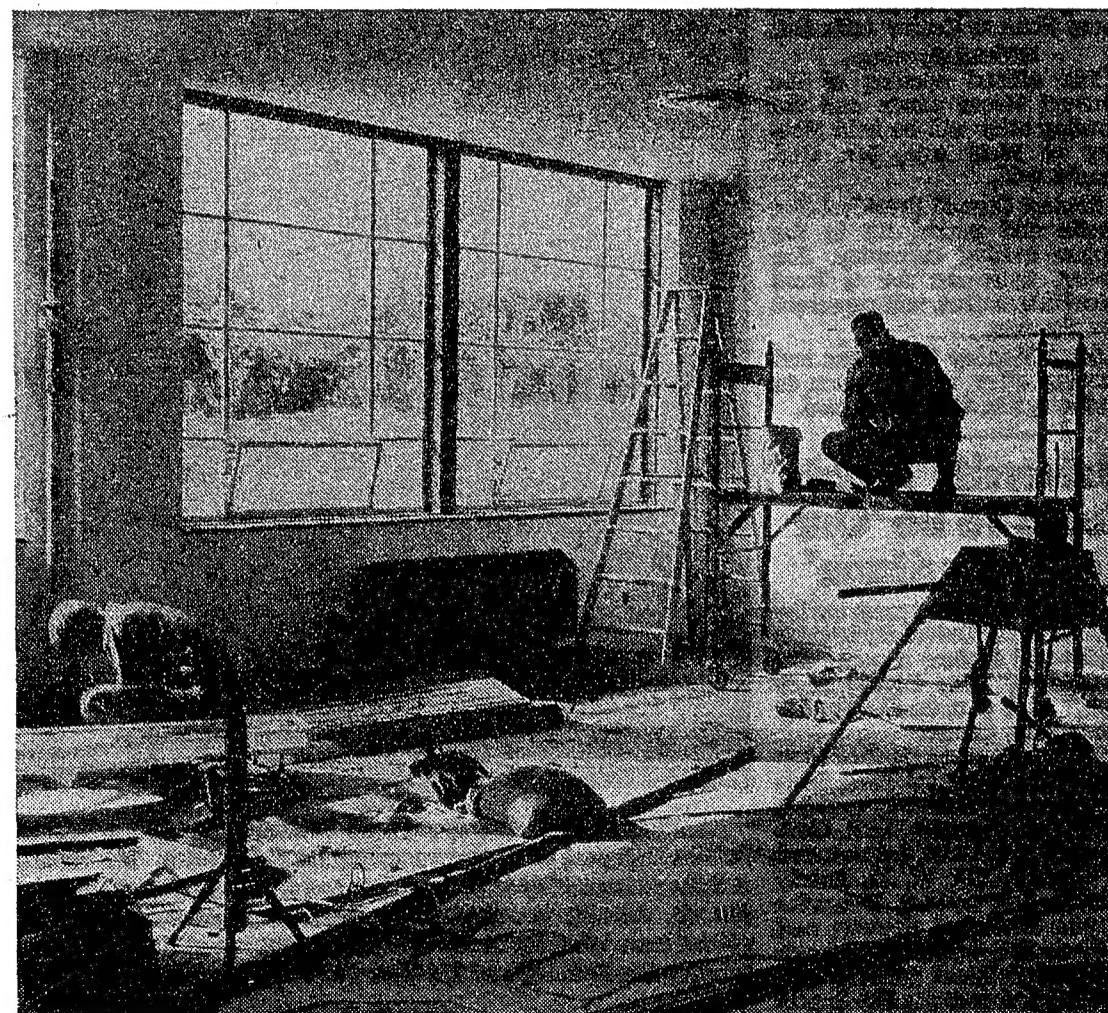

I hope that you will remember Christ Child when you are asked to contribute to the 1963 United Red Feather-Red Cross Campaign this year.

### Money Collected

The money collected from this appeal is used to finance a variety of community activities. These agencies financed by the UCS take in all denominations and all age groups.

I suggest that when the campaign hits OU's campus in the form of the Cutest Pan-Ugliest Man contest, that each student donate the equivalent of ten cokes or three packs of cigarettes. This would make a total contribution of some \$8,000 from the students alone.

This is really just a drop in the bucket—but as the saying goes—"Every little bit helps."

Construction continues in the new wing of the Applied Arts Building. Completion date has been set for October 25. Classes were held on the second floor on opening day.

## Applied Arts Bldg. Construction Slated for Completion Oct. 25

The new wing of the Applied Arts building should be completed by October 25, Dean of Administration Kirk Naylor said hopefully.

Installation of doors, lockers, paint, classroom furniture and the heating system is all that remains to complete the interior of the new Applied Arts wing.

Clarence Lefler, head of buildings and grounds, said some of the painting may be done over the Christmas vacation to allow

time for the paint to dry properly between coats.

The two-story wing houses ten classrooms, four lecture-rooms, two engineering labs and twelve faculty offices.

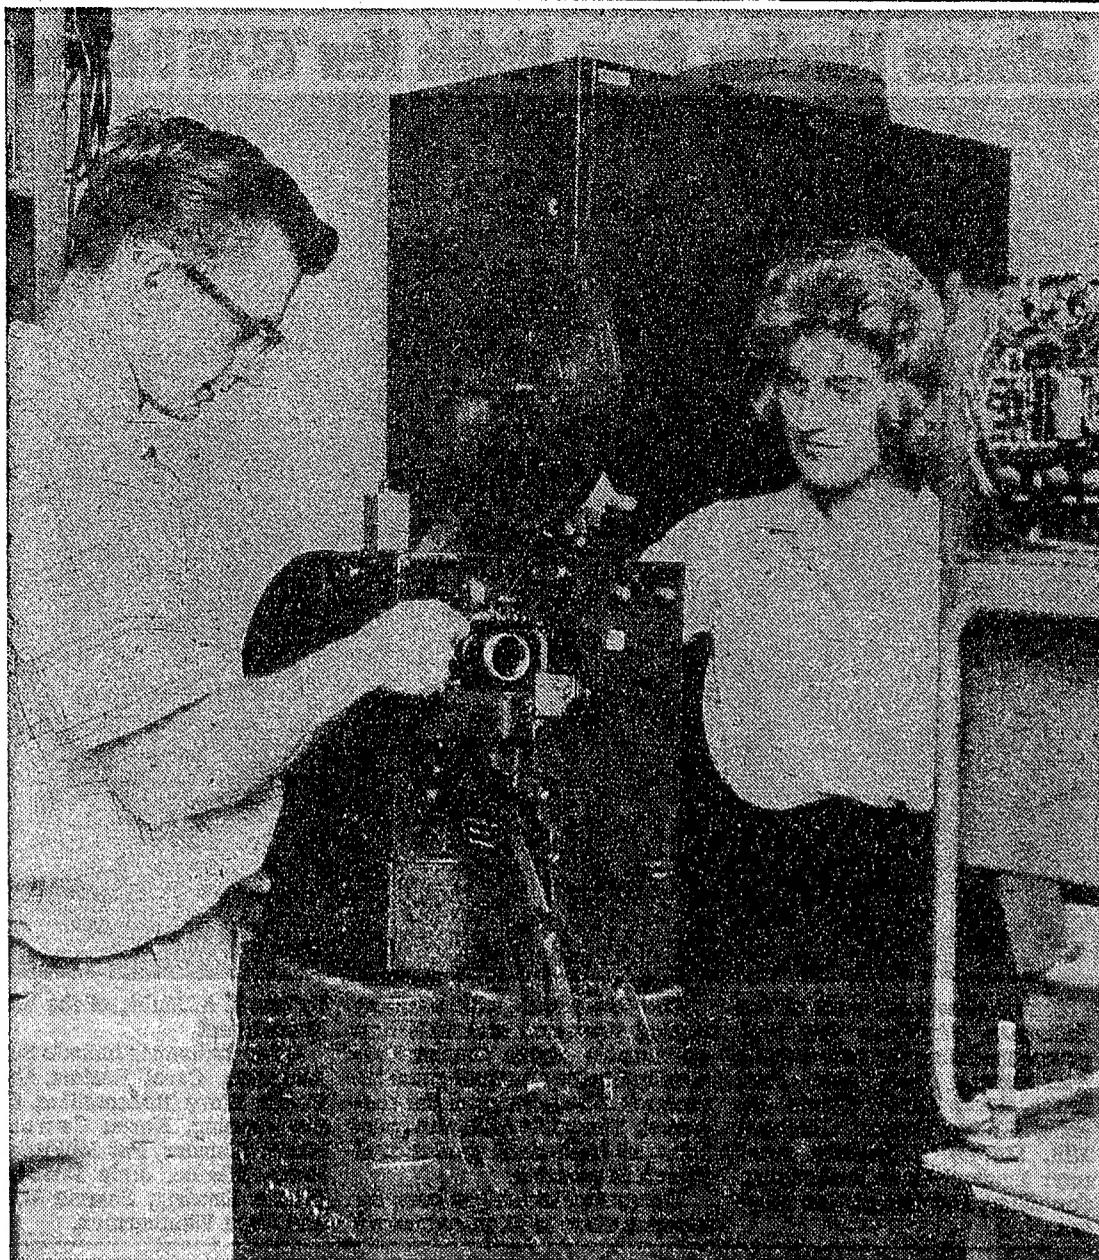

Harold Keefover, comptroller, said the new wing construction cost was 390 thousand dollars. The equipment cost 21 thousand dollars, he added.

Construction of the wing began last spring and was sched-

uled to be completed by September 1, but rainy weather during the summer slowed its progress.

Part of the wing eradicated 28 parking stalls in the Southwest parking lot according to Dean Naylor.

The wing was built by the Cooper Construction Company, the electrical work was done by Miller Electric and mechanical work by Grunwald, Inc.

Joe Harvath, Engineer for KWOU, and Lorraine Jansky inspect a new projector that was donated to the TV and Radio Department. The equipment was donated by local TV stations and adds a tremendous potential to the department.

## Equipment Donations Increase Campus Radio, TV Potential

Recent contributions of valuable equipment to Omaha University's campus radio and television stations have greatly increased their potential for instruction and campus service.

Paul Borge, head of the radio and television department, said thousands of dollars worth of equipment have been contributed to the department by local television stations.

Mr. Borge and that KMTV, through its chief engineer Wally Schewenter, had contributed equipment which would enable the campus television station to aid another "camera chain."

to its present operation. This "camera chain" will enable the projection of slides and motion pictures over KWOU-TV for use in the television classes and closed circuit broadcasting to other classrooms in the Applied Arts Building.

The equipment includes a projector, camera pickup, amplifiers, and power packs, and is expected to be in operation sometime this semester.

### Several Improvements

Mr. Borge also pointed out that several improvements had been made in that KMTV had contributed two new television monitors which made possible

the construction of over-head camera monitors being used in classroom work. The over-head mounting was built with future expansion in mind.

KWOU, the campus radio station, has also received some new pieces of equipment, including two new turntables, a new Ampex tape-recorder, and a sizeable amount of long-play records. The records were contributed by WOW-TV.

In other construction and planning for the future, Mr. Borge said that conduit pipe had been laid in the new addition to the Applied Arts building. This piping will enable the future expansion of closed circuit television broadcasts to the larger rooms in the addition for purposes of classroom instruction.

### KWOU To Broadcast

The radio and television department announced this week that KWOU radio will begin broadcasting on October 1.

Art Bauer, program director, said the campus radio station will be on the air from 11:30 a.m. until 2 p.m. He also said that a tentative extra two hours of broadcasting are being considered for the early morning and evening hours. These broadcasts are expected to be scheduled between the hours of 7:15 a.m. and 8:30 a.m. and between 6 and 7 p.m.

KWOU radio, which has its studios in the basement of the Applied Arts building, broadcasts on the 880 kc. spot on the campus radio dial.

Participants in this extra-curricular activity include speech and radio-television majors, although this is not a requirement. The students serve as disc jockeys, news writers and reporters, announcers, and in other radio station positions.

Programming on KWOU will include music and regularly scheduled newscasts, sports shows, weather reports, and time-of-day and temperature checks.

## Bonner Button Sparks Heated Debate at YR's First Meeting

A heated political debate arose Wednesday afternoon at the first Young Republicans meeting in the Student Center.

Henry Pederson, Douglas County Republican Chairman, was quick to spy a Bonner button on a member of the audience. He said he wasn't going to comment on future YR activities with a Democrat in the crowd.

The Bonner booster asked what Cunningham had done in the last seven years for Nebraska. Pederson asked why he was voting for Bonner.

### Bonner Fan Replied

The Bonner fan replied he believed in the Bonner platform and he thought Bonner was a good American.

"So is Harry Burgess," Pederson said.

The conversation turned to the difference between a liberal and conservative. Pederson said that liberalism was not a popular stand in Nebraska.

The Bonner supporter asked what bills Cunningham had managed to put through during his terms in Congress.

Pederson replied by asking how many bills came out of the

Senate with Kennedy's name on them. He said that all the time Cunningham was in Congress the Republicans were in the minority.

He said that "Cunningham will beat the pants off Bonner."

The 25 students in the audience were asked by Pederson for their help in the future. He said that "More people think of the dollar than self-service."

"We really need workers," he said.

### YR's Will Help

YR's will help man the voter registration booths next Monday, Tuesday and Wednesday. The booths will be set up in the Student Center. They are sponsored by both political parties.

Any eligible voter is asked to help register voters. Those interested should contact William Utley, head of the political science department, or Mary Carlson, chairman of the Young Republicans.

Other Douglas County representatives were at the gathering Wednesday. They included Chuck Peek, college coordinator of the YR's, and Dwain Acklie.

## UCS 'Good Guy' Goal Set; 4 Million in Omaha Area

It's "Good Guy" time again. This year's United Community Service Campaign is well underway with high hopes of collecting over \$4,100,000 from the greater Omaha and Council Bluffs area.

This year's goal of over four million dollars is twice as much as last year's because this year's campaign is a "double-barreled" effort to collect both operating expenses and capital funds.

The operating expenses goal is \$2,100,000. This money is used to help the 58 U.C.S. services. Covering such a wide range of organizations such as: the boy and girl scouts, several homes for the aged, welfare services, church organization, and medical help and rehabilitation centers.

The second half of the goal, the \$2,000,000 for capital funds will provide money for new buildings and improvements of existing facilities.

The capital funds appeal is now a yearly part of the U.C.S. drive. The last capital funds appeal was in 1955 at which time several new buildings were constructed and many improvements made.

The theme of this year's drive is "Every Good Guy Gives; Every Good Guy Builds."

The Omaha University Campaign will be in connection with the annual "Cutest Pan and Ugliest Man" contest to be held in mid October.

At that time each of the Uni-

versity sororities will have a candidate for Cutest Pan and each of the fraternities will put up a man for Ugliest Man. Voting in this contest is monetary. The organizations that collect the most money win.

Last year's contest raised \$1,730.88. This was just 16 cents short of doubling the 1960 total of \$865.52 cents.

OU students are urged to "do it again," and double last year's total for this year's double U.C.S. goal.

Be a Good Guy. Give!

### OFFICIAL NOTICE

Tryouts for Orchesis, the modern dance honorary, are scheduled for Oct. 4 at 5 p.m. in the West Quonset.

A final practice session for all those interested in tryouts will be held at 5 p.m. Oct. 2 in the West Quonset.

Both men and women students are eligible to participate in the tryouts.

## Freshman Mixer To Be Oct. 12

Student Council has scheduled the Typical Freshman Mixer and elections for Wednesday, Oct. 12. The all-school vote elects one boy and girl to reign over the freshman dance.

Any full-time freshman student is eligible for the election.

Petitions for the election may be taken out by candidates Monday in the Dean of Students Office. Rules for this election may also be picked up there.

Petitions will be due Thursday, Oct. 4, at 4:45 p.m.

Voting will be Wednesday, Oct. 10, from 9 a.m. until 3 p.m.

## Freshmen, Transfers Feted at Home Ec Tea

The Home Economics Club is sponsoring a tea Wednesday afternoon to welcome freshman and transfer students.

All Home Economics majors and minors are also invited to the event which will be held in room 101 of the Administration Building from 4:00 to 5:00.

A brief preview of the club's program for the coming year will be presented, and those interested may apply for membership.

Jean Siebel and Jean Royer are in charge of the event.

**SUPPORT YOUR TEAM**  
There will be a pep rally at 11:30 Friday morning in the Pep Bowl. Coach Al Caniglia will speak. Classes are not dismissed. Come out and support the team!

## Sig Ep Sing Begins Greek Social Year

Sigma Phi Epsilon fraternity will present the annual Sig Ep Sing tonight from 7:30 to 12 p.m. at Tietz's Barn.

The Sing is the first Greek-sponsored dance of the year. Greek groups will compete for singing honors. The competition song for sororities is "Anywhere I wander," from the musical, Hans Christian Anderson; the competition song for fraternities is "There Is Nothin' Like a Dame," from South Pacific.

Cider and cookies will be served at the Sing. Music for the dance will be provided by Chuck Halda and the Cimarrons.

Below is a map showing how to get to Tietz's barn.

## Indiannes Marching Group Models New '62-'63 Uniforms

Shown above are part of the Indiannes, rhythm marching group, modeling the new 1962-63 uniforms. Back row: Pam Smith, Bette Graff, Gloria Jacobs, Kathy Dayton, Barbara Hill, Margie Uzdawin; front row: Leader Alma Budrzdzus, Sue White, Pat Genge, Jan Meyers.

The Indiannes will perform during pre-game and half-time ceremonies at the Omaha University-Bradley football game tomorrow. Alma designed the costumes. The girls will also perform at basketball games and march in parades.

The group, which has been on campus since 1956, is sponsored

by Mr. J. A. Malik, of the Music Department.

Other Indiannes include Susan Anderson, Carol Bachus, Carol Berry, Mary Bodenmiller, Connie Fleming, Karen Crammer, Nancy Kansler, Pat McFarland, Bobbi Merica, Judy Rashid, Denise Sandvig, Sherrie Ulfers and Kaye Weathermon.

## Johnson Speaks For Business Frat

A professional meeting of Delta Sigma Pi, Gamma Eta chapter, will be held tonight at 8:00. Guest speaker will be Mr. Richard W. Johnson from the Arthur Andersen Accounting firm. Mr. Johnson will speak on "The Arthur Andersen & Co. Story."

A regional meeting will be held in Des Moines, Iowa, Oct. 13 and 14. Seven members from Gamma Eta chapter will attend.

## Catholic Organization Meets Sun. at Church

The Newman Club, an organization for Catholic students at Omaha University, is holding a meeting Sunday, Sept. 30, at St. Margaret Mary's Church at 6:30 p.m.

The aims of the club are to provide a religious, intellectual and social background on a college level. Catholic students are encouraged to attend.

## Tea for Bootstrappers Provided by Chi O's

Chi Omega will host a tea for all Bootstrappers and their families Sunday. The tea will be held in the Student Center Ballroom, from 2 to 5 p.m.

Shirley Johnson, social chairman, is in charge of the tea.

Chi Omega had a family picnic Wednesday at Riverview. Plans were made by the active chapter and mother's club.

## Women's Recreation Ass'n. Boasts Largest Membership

The Women's Recreation Association, WRA, began on Omaha University's campus in 1941 as a state affiliate of the Athletic and Recreational Federation for College Women.

In 1955 it joined the national ARFCW and thereby became a member of one of the oldest student organizations in the United States.

WRA is the largest organization on the Omaha U campus and acts both as an activity group and a learning device.

The group offers numerous sports during the year in which any woman on campus who holds an activity card may participate.

The learning device of WRA comes from the fact that a woman need not be skilled in any sport. She may sign up for an activity and become skilled while she is learning.

There are no dues connected with the group but a member must participate in two sports during the year to retain her membership.

### Bowling, Gymnastics New

WRA offers bowling, volleyball, basketball and track and field sports during the course of the year. New activities offered this year are mixed doubles bowling and gymnastics.

The group also sponsors special events such as the filling of food baskets at Thanksgiving and Christmas. This year they

are planning a college play day for college women within a radius of 100 miles of Omaha and, tentatively, an Easter egg hunt for an orphanage.

WRA's year concludes with an Honors Banquet in May. At this time a rotating trophy and recognition are given to the individual and group winners of the year's sports.

The winners are picked by the use of a point system. Points are given to groups and individuals for participation, games won, lost, and tied and placement in tournaments.

### Wolff Sponsors Group

Mrs. Judith Wolff is the WRA sponsor and the officers are president, Janet Seaman; vice president, Marilou Thibault; secretary-treasurer, Judy Eichorn; intermural coordinator, Mary Buck and publicity, Dorothy Brian.

The WRA Board is composed of one representative from each major social organization on campus and the WRA officers, which meets once a week for a planning session.

The first WRA event this year is a get-acquainted Sports nite which will be held Oct. 2 in the Fieldhouse from 4 to 8 p.m. There will be a picnic dinner and an evening of getting acquainted with several sports.

Anyone interested in membership may sign up at the Sports nite or in the women's P.E. hut.

## Men's Music Frat To Host Rush Party

Phi Mu Alpha Sinfonia, a professional men's music fraternity, will host a rush smoker this Sunday evening at 8:00 at Gene Somer's residence, 4335 No. 40th Ave.

All full-time male students who are interested and talented in either vocal or instrumental music are invited to attend.

The purpose of the smoker will be to acquaint interested students with the activities of the group.

The primary aim of Phi Mu Alpha is to advance the cause of music in America.

Officers of the organization are Tom Bogacz, president; Tom Harvey, vice-president; and Gene Somer, secretary.

Kermite Peters of the music department is sponsor of the group.

## Sororities, Fraternities Take 190 Students in Formal Rush

Climaxing Formal Rush Week September 9-16, sororities and fraternities pledged 190 students. Eighty-two men were pledged by the five fraternities, while 108 coeds accepted bids from the four national sororities.

Sorority pledges are:

Alpha Xi Delta—Jane Amberry, Jill Anderson, Nancy Anderson, Susan Ann Baldwin, Kay Borchard, Carolyn Burdick, Kathy Dorling, Kathy Dwyer, Jean Dwyer, Marilyn Dodrill, Sharon Eddy, Carolyn Fowler, Barbara K. Hill, Judy A. Jensen, Edna Kriesel, Nancy Macey, Diane L. ## Wayne Higley Receives PhD From Illinois

Wayne M. Higley, accounting instructor in the college of Business Administration, received his PhD this month from the University of Illinois.

Mr. Higley came to Omaha University for undergraduate work in 1956 after studying at the University of Iowa. He was graduated Cum Laude in 1958 with a BS degree in Business Administration. Higley also received a BA degree from the State University of Iowa in 1958.

Higley said he was influenced by the late Paul Crossman, former head of the accounting department, to further his study at the University of Illinois. He had a one year fellowship and worked as an accounting instructor and received his MS degree from Illinois in 1960. He passed his CPA examination in Illinois at that time.

For four summers Higley worked in the University of Illinois business office as senior accountant preparing the Report of the Comptroller.

Higley is a member of the American Accounting Association; Beta Alpha Psi accounting honorary; Beta Gamma Sigma commerce honorary; Phi Kappa Phi all university honorary; the Corinthians; Lambda Chi Alpha, and advisor to the Delta Sigma Pi professional fraternity.

## Speakeasies Rally To Student Center

The second "speakeasy" of the semester will be held Oct. 1 in Alcoves C and D of the Student Center at 11:30 a.m.

"Speakeasies" are informal gatherings of persons interested in public speaking. One minute "impromptu" speeches about a wide arrangement of topics are planned. The "speakeasies," modeled after the Toastmasters, also feature an "AH" or applause meter. The speeches are followed by a critique of the students involved and the faculty advisors.

Dr. Aldrich Paul emphasized, "We must make a point to the students that these sessions do not necessarily involve speech majors or debate team members. Anyone can come to them to express their feelings on any of the selected topics."

Dr. Paul also urged any student interested in debate to contact him in his office, rm. 315B.

Rashid, Donna Taylor, Jean Thurber, Kathleen Valli, Mary Wilson and Oksana Wozbec, all of Omaha; Marcia Ray, Bellevue.

### FRATERNITIES

Lambda Chi Alpha—Gary R. Barkes, James R. Blair, Thomas A. Burton, Richard R. Dodge, Harry Dotson, Don Ecklund, Paul A. Graham, Frank Heinrich, Jr., Larry A. Henkens, Stephen H. Johnson, Michael D. Jones, Neil Klocksiem, Kenneth Kopp, Walter Link, Jim Marscek, Dan McFarlin, Raymond Mellor, Roger Miller, Thomas Murphy, Jr., Larry G. Nelson, Norman R. Nelson, Frank Nocita, Rodney Oberle, Kenneth Olsson, Glen Pardue, Jr., James Postle, Robert L. Peterson, Jerome Roberts, C. James Solomonson, David Trichter, Jan R. Valenit, Michael F. Weber and Richard Young, all of Omaha; Dennis Anderson and Chris W. Brown, Council Bluffs; and Thomas Ridley, Bellevue;

Tau Kappa Alpha—Ronald Barney, James V. Gross, Mark Halgren, Robert W. Kelley, James S. Phillips, John Povallitis, W. Clark Savidge, Mike Sweet, Richard L. Tompson, Richard Vosel, all of Omaha; Charles R. Cowley, Roland J. and Tom Smith, Bellevue;

Sigma Phi Epsilon—Donald Cavaleri, Chuck Dickerson, Richard Frost, Ken Hall, Joe Johnson, John Kersigo, Jr., Jerry A. Morris, Robert Nelson, Reny Nielsen, Lynn Reiff, Tom Risk, Ken Schnur, Rolf Sverdrup, and Douglas Volk, all of Omaha; Robert Agnew, Bellevue;

Tau Kappa Epsilon—Mark Anspach, Gerald R. Bender, William D. Carpenter, Richard Doherty, Lance Foster, Richard Gibb, Marice F. Hurst, Stephen W. Mellor, Victor O. Sheer, Donald Slater and Fred R. Waples, all of Omaha; Wendell D. Bamsey, Millard, Neb.

Theta Chi—Bill Caster, John Deinokoski, LeRoy Dyer, Lonnie Hancock, Harry Riedemann, Thomas E. Talmadge and Thomas L. Upton, all of Omaha.

### OFFICIAL NOTICES

A basic Skin and Scuba Diving course will be held at the Central YMCA Monday nights from 7:30 to 9:30, starting October 1st.

Equipment is available for both men and women. Interested parties should contact J. K. Griffis through the YMCA.

"Midnight Lace" starring Doris Day, John Gavin and Rex Harrison will be shown at the Student Center Ballroom, Oct. 1.

The showing will begin at 7:30 p.m. Admission is free to all regularly enrolled students.

PARKING WILL BE FREE IN ALL METERED SPACES DURING THE GAME SATURDAY AFTERNOON.

All students enrolled in physical education classes and all new students are required to have a physical examination.

Anyone who has not had a physical exam yet this fall must pay a \$5.00 late fee.

### VOLUNTEER BUREAU

The Omaha University Branch of the Volunteer Bureau will again be calling on OU Students to donate their time and talents for community work.

The University Branch will open its booth on Oct. 3, from 9 a.m. to 1 p.m. in front of the bookstore in the student center. The booth will be open each Wednesday and will be staffed by students.

The jobs needed to be filled are many and varied. They are valuable to a student in almost any field in which he is majoring.

Many students gave volunteer service last year through the OU Branch of the Volunteer Bureau. Sign up, you will gain as well as give, in knowledge and experience.

## EASY MONEY!

Like to make some money? Subjects are needed for experiments in decision making, and the preliminary testing will be done on the Omaha U. campus.

When? Oct. 2, 3 and 4, from 3 to 5 p.m.

Where? Room 210, Administration Building

Pay? \$1.00 per person

Subjects for later experiments will be chosen from the people taking the preliminary tests, and they will be paid from \$3.00 to \$5.00 for 1 to 1 1/2 hours of work.

Remember, that's Tuesday, Wednesday, or Thursday, October 2, 3, or 4 in Room 210. The testing will take about an hour, so come any time between 3 and 5 p.m. If there are any questions, come and see!

## Air Force ROTC Enrollment Totals Just Under 500

The opening of the new school year brought one of the largest enrollments in the history of the Omaha University Air Force ROTC.

A total enrollment of just under 500 students brought on a change in the department. The cadets now are part of the 470th AFROTC Cadet Wing, which includes two cadet groups.

Last year there was just one term was the last previous year that the department had enough students to be designated a cadet wing.

### Capable Personnel

"With the capable personnel and the large enrollment," Wing Commander, Cadet Col. Terry Thompson said, "we are looking forward to one of the most successful and productive years in the history of AFROTC here at the University."

Cadet Col. Thompson's wing staff includes: Wing Executive Officer, Cadet Lt. Col. Dean Berk; Wing Personnel Officer, Cadet Capt. Stanley Winslow; Wing Material Officer, Cadet 1st Lt. Jerome Jaros; Wing Operations Officer, Cadet 1st Lt. Roger Corbin.

### Wing Comptroller

The Wing Comptroller is Cadet 1st Lt. David Parke; Wing Security and Law Enforcement Officer, Cadet 2nd Lt. Art Simon; Wing Assistant Personnel Officer in charge of testing, Cadet Capt. George Otto; Wing Information Officer, Cadet 1st Lt. James Thompson; Wing Inspector Cadet 1st Lt. Dennis Graves.

The 471st Group Commander is Cadet 1st Lt. Harold Steyer. The 472nd Group Commander is Cadet 1st Lt. Terry Bernth.

## 1962 Homecoming To Feature Basie

"The most explosive force in jazz" — Count Basie — has been contracted to play for the 1962 Homecoming Dance, announced the Student Council this week.

Peony Park will be the site of the October 19 event with the Basie bunch playing for dancing and entertainment from 9 p.m. to 1 a.m.

Sue Weidenhammer and Jim Leslie, student council president, have been named co-chairmen in charge of preparations.

Other chairmen from the sponsoring student council will be: Chip Statler and Malanie Jeub, publicity; Midge Butters and Jack Peterson, parade; Max Voigt, the "torch ceremony"; Chuck Saxon and Larry Hammer, half-time ceremony; Shari Zagor and Ginny Bohady, dance; and cheerleader captain Gail Browning, pep rally and snake dance.

## Sigma Kappas Hold Family Picnic

Sigma Kappa sorority held its annual family picnic at Hanscom Park on Sunday, Sept. 23.

The picnic gave pledges and their families a chance to meet the families of the active members.

## WRA Sports Nite Slated for Tuesday

The Women's Recreation Association Sports Nite will be held next Tuesday at 4:00 in the Field House. Women interested in WRA competition are urged to attend the Sports Nite.

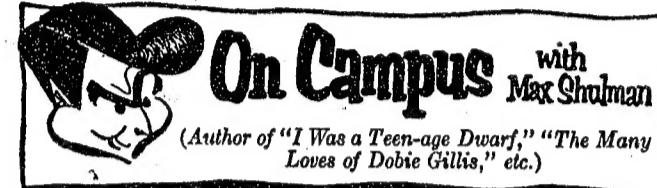

Activities beginning in October include tennis doubles, golf, bowling, and volleyball. Dates and further information on these activities will be given at the Sports Nite. A picnic luncheon will be served.

## ISA Campaign Winds Up Today Dance Is Tonight

The Independent Students' Association week-long membership drive will end today at 2 p.m. Prospective members may inquire at the ISA information booth located by the east entrance of the Student Center.

A dance for new and current members will be held tonight at 7 p.m. at the Elmwood Park pavilion.

Regular ISA meetings will be held each Wednesday at 7 p.m. in the Student Center.

(Author of "I Was a Teen-age Dwarf," "The Many Loves of Dobie Gillis," etc.)

## ANOTHER YEAR, ANOTHER DOLLAR

With today's entry I begin my ninth year of writing columns in your school newspaper for the makers of Marlboro Cigarettes.

Nine years, I believe you will agree, is a long time. In fact, it took only a little longer than nine years to dig the Suez Canal, and you know what a gigantic undertaking that was! To be sure, the work would have gone more rapidly had the shovel been invented at that time, but, as we all know, the shovel was not invented until 1946 by Walter R. Shovel of Cleveland, Ohio. Before Mr. Shovel's discovery in 1946, all digging was done with sugar tongs—a method unquestionably dainty but hardly what one would call rapid. There were, naturally, many efforts made to speed up digging before Mr. Shovel's breakthrough—notably an attempt in 1912 by the immortal Thomas Alva Edison to dig with the phonograph, but the only thing that happened was that he got his horn full of sand. This so depressed Mr. Edison that he fell into a fit of melancholy from which he did not emerge until two years later when his friend William Wordsworth, the eminent nature poet, cheered him up by imitating a duck for four and a half hours.

But I digress. For nine years, I say, I have been writing this column for the makers of Marlboro Cigarettes, and for nine years they have been paying me money. You are shocked. You think that anyone who has tasted Marlboro's unparalleled flavor, who has enjoyed Marlboro's filter, who has revelled in Marlboro's jolly red and white pack or box should be more than willing to write about Marlboro without a penny's compensation. You are wrong.

Compensation is the very foundation stone of the American Way of Life. Whether you love your work or hate it, our system absolutely requires that you be paid for it. For example, I have a friend named Rex Glebe, a veterinarian by profession, who simply adores to worm dogs. I mean you can call him up and say, "Hey, Rex, let's go bowl a few lines," or "Hey, Rex, let's go flatten some pennies on the railroad tracks," and he will always reply, "No, thanks. I better stay here in case somebody wants a dog wormed." I mean there is not one thing in the whole world you can name that Rex likes better than worming a dog. But even so, Rex always sends a bill for worming your dog because in his wisdom he knows that to do otherwise would be to rend, possibly irreparably, the fabric of democracy.

"I better stay in case somebody wants a dog wormed!"

It's the same with me and Marlboro Cigarettes. I think Marlboro's flavor represents the pinnacle of the tobacconist's art. I think Marlboro's filter represents the pinnacle of the filter-maker's art. I think Marlboro's pack and box represent the pinnacle of the packager's art. I think Marlboro is a pleasure and a treasure, and I fairly burst with pride that I have been chosen to speak for Marlboro on your campus. All the same, I want my money every week. And the makers of Marlboro understand this full well. They don't like it, but they understand it.

In the columns which follow this opening installment, I will turn the hot white light of truth on the pressing problems of campus life—the many and varied dilemmas which beset the undergraduate—burning questions like "Should Chaucer classrooms be converted to parking garages?" and "Should proctors be given a saliva test?" and "Should foreign exchange students be held for ransom?"

And in these columns, while grappling with the crises that vex campus America, I will make occasional brief mention of Marlboro Cigarettes. If I do not, the makers will not give me any money.

The makers of Marlboro will bring you this uncensored, free-style column 26 times throughout the school year. During this period it is not unlikely that Old Max will step on some toes—principally ours—but we think it's all in fun and we hope you will too.

## Book Shortage Now 'Normal'

There was a shortage of text books this week at the OU Bookstore, manager Ben Koenig said.

However, the situation was "normal" for this time of year, he said.

"Several" classes have been affected by the text shortage, he said.

They are: embryology, real estate finance, geology and some engineering courses.

Shortages had not occurred in the humanities, English or sociology classes, Mr. Koenig said.

"The original orders are based on previous class enrollment, but we must use a business sense and not order to liberally," he said.

Long distance phone orders have been placed with several publishers to bolster the slack supply.

Although this is the publishers' busiest season, Mr. Koenig said, no trouble was anticipated in the delivery of needed books.

This year's UCS drive is twice as big as last year's; therefore twice as much work is needed to reach the goal.

By Mike Dugan

As President Milo Bail has repeatedly pointed out to incoming classes of freshmen, "Only one out of four of you will be here in four years to receive your degrees."

What happens to the other three out of four students?

Although many of them have either been delayed somewhere along the way and other graduated earlier or elsewhere, it would be safe to say that over half of that entering class four years ago will never hold a degree.

This indicates a short-coming in either the students or in the educational system.

My guess is that both have faults that are keeping many from earning that degree.

### An Even Break

The University has developed a systematic educational system that seems to give every student better than an even chance to be graduated.

In most colleges, a student is screened and tested before he is allowed to enter the college of his choice.

At this institution, he must prove his ability to do college work in the first semester, before he is allowed to remain.

In the last decade, educators have found that even an even

break is not enough to induce students to share in the effort.

Universities, instead of demanding that students conform to the regulations set up to insure them of a decent education, have given in to student demands of an easier time of it.

At this institution, as in most other colleges, academic probation standards are set at the lowest possible point. Any student with proven ability to do college work should be able to keep off the probation list with half an effort.

Dr. George Harris of the Faculty Committee on Academic Standing says that academic probation is only a warning sign to the student that he is falling significantly below the rate of academic progress expected of his academic classification.

Dr. Harris said the Committee is considering a revision of probation policy that would include changing the system of determining grade averages.

This would involve using an accumulative average instead of a combination accumulative average plus the students current semester average.

This would be a definite advantage for those students who started out good in their college careers and became pro-

gressively worse.

It is a disadvantage for those who started out slow but improved along the way.

Indeed, this will relieve some of those "over-worked" upper-classmen, but it certainly doesn't present them with much incentive to do quality work.

Perhaps many students are not able to do the required work in many courses and fall by the wayside through no fault of their own.

If so, perhaps these students should have been better screened to determine their abilities before given an opportunity to attempt higher education.

### Not Prepared

Many of these students just aren't college material.

This is not fair to them or to the University to allow them to enter and fail at a certain point.

Why are so many students unprepared?

Jenkin Lloyd Jones, Editor of the Tulsa Tribune said this of "progressive" high schools from where many college students come: "This is the education," Mr. Jones said, "where everyone passes, where the report cards are non-committal lest the failure be faced with the fact of his failure, where all move at a snail pace like a trans-Atlantic convoy so that the slowest need

not be left behind, and all proceed toward adulthood in the lockstep of "togetherness."

### Mediocrity Not Enough

Mr. Jones went on to say that while our Russian contemporaries, who were supposed to be dedicated to the mass man, have been busy constructing an elite, we have been engaged in the wholesale production of mediocrity.

What incentive is this to the student who makes the effort to do good work and is enthusiastic about what he does?

He is often times looked upon as one who "doesn't swing," "odd," or some other adjective that implies non-conformity.

There are too many "good time Charlies" who pride themselves in a low grade of morals and a general attitude of irresponsibility.

Many graduating seniors are surprisingly ignorant of world affairs, communism and even our own political and social environment.

We have only one life to live, one country to live for and a hellava lot of responsibility to meet before we're through.

Let's make it all worthwhile and check out with a good record.

It's up to you.

## CAE Offers New Program In Recreation

The College of Adult Education is offering a new program for the student who is interested and enjoys recreation.

The program is called "Recreational Leadership" and could lead to a major in recreation with the area of concentration being in the College of Education.

The new field thus far totals 35 semester hours and may be followed through a four year course. The university is in the process of adding more semester hours to the program.

The opportunities in the recreation field for postgraduate employment are unlimited in this area. This is because of the fact that Omaha University is one of the first in this area to offer such a program. In the entire nation there are only some 75 schools that offer a program that compares with that of OU's.

The three major areas included in the program are recreational education, community recreation and industrial and therapeutic recreation. It includes such courses as arts and crafts, camping and nature activities, dance, dramatics, games and sports, music, safety, general principals, methods and administration.

Mr. Ernie Gorr, the man behind much of the promotion in the field, commented that all of the credits meet OU requirements.

"College training in recreation is relatively new throughout the country" and the program is "very worthwhile," he said.

Mr. Gorr anticipates more and more job openings in this field with the public desiring more recreation yearly. He said a graduate in this field could nearly name the job he wants.

A major in this program could lead to jobs such as community recreation supervisor (such as in city parks), recreation supervisor for industry, hospitals or camps and resorts.

When you hear about luncheons or dinners for UCS workers, remember that not one penny of the money raised is used for these meals. All report meetings are sponsored by business firms and are not counted as a part of the firm's regular campaign donation.

## OU Leads Statistics In First Two Games

In the first two games of the season, Omaha University completely dominated the statistics.

For those who like to follow statistics, you should have a hey-day wading through these.

In the opening squeaker with Morningside and the route of Colorado State College, the Indians averaged some 390-yards net, while holding the opposition to only 290.

Louie Miloni is getting off to his best start. He leads the rushes with 172 yards for an 8.6 yard average per carry.

Roger Sayers, on the other hand is off to a slow start, for him. He's averaging better than six yards per carry, but this is off the pace that he set last year.

Carl Meyers is throwing the ball better than ever. He is hitting the .500 mark on completions and has four touchdown strikes to his credit.

His favorite target, Paul Blazevich has caught four of them, and he looks like a good bet for a repeat on the Little All-American team.

October 17 All School Elections.

October 19 Homecoming Dance.

October 20 Football game with Emporia State, 2 p.m., Homecoming.

## Football Quiz . . .

By Rusty

1. Football originated in? (a) North America (b), Europe (c), (c) China.

2. The football game Saturday will be played? (a) home, (b) away.

3. Head football coach is Al Caniglia? true or false.

4. Most football players are? (a) Big, (b) Small, (c) Huge.

5. Favorite hobby of football players is? (a) Golf, (b) Knitting, (c) Sheep raising.

6. The balloon the Concord club provided is for? (a) Spying, (b) Ticket promotion, (c) Parking.

7. Goal Posts are good for? (a) Running past for scoring touchdowns, (b) Tearing down, (c) Parties.

8. The liquid served to players on the sidelines is? (a) Water, (b) soft drink, (c) Fermented.

9. When O.U. scores a touchdown you should? (a) Clap and Yell, (b) Sing drinking songs, (c) Cough.

10. Cheerleaders are out there because? (a) They create spirit, (b) They're exhibitionists, (c) They're good looking.

### ANSWERS

1. All three are wrong. Football originated in Russia. We all know that they invented everything.

2. With many scholarships dependent on the outcome of the football season it doesn't look like there will be much playing.

3. False. Head coach is actually a mouse, a reincarnation of Knute Rockne. Due to his

physical appearance he hides in Louie Miloni's locker. Who ever heard of a red mouse?

4. All three. Big with huge appetites and small minds.

5. Knitting. Records show that 1,800 professional football players now belong to the pads and spikes Knitting Society. Daddy Liscomb is president.

6. Parking. After the game Saturday the person responsible for the parking dilemma will be given a free trip around the world—via the balloon.

7. Parties. They are very useful for making ladders when riotous students need ladders for a panty raid.

8. Depends on how the games going. Can usually tell by looking at the water boy what's brewing.

9. Cough. That 6' 8" fellow sitting behind you is from Bradley and everybody knows we cheated on that last touchdown.

10. Actually it's because they're after one of those big huge football players.

80 to 100 per cent—Genius.

60 to 80 per cent—Keen.

40 to 60 per cent—Idiot.

0 to 40 per cent—FOOTBALL PLAYER.

It's a bird . . . It's a plane . . . It's . . . Well, I'll be damned . . . it's a balloon.

## WHAT IS UP FRONT?

Up front, ahead of a modern filter, only Winston has Filter-Blend... rich, golden tobaccos specially selected and specially processed for full flavor in filter smoking. It's what's up front that counts!

## New Head of Staff For Women's P.E.

By Carol Vetter

The Women's Physical Education Department has seen a complete turn-over in staff members this year. Former students remember only Mrs. Georgia Roberts, Women's Phys. Ed. matron, as a familiar face from last year.

Miss Janice Ebert, former head of the physical education department at Park College, Mo., has moved in with plans and leadership for OU women in physical education.

After receiving her Bachelor of Science in Education with teaching fields in physical education and music from Kansas State College of Pittsburgh, Miss Ebert spent six years

Miss Ebert . . .

teaching physical education and music in the public school system at Kansas City. She received her Masters Degree in recreation from Indiana University where she has tentative plans to pursue a Doctors Degree.

With a good deal of interest in recreation and outdoor education, one of Miss Ebert's favorite hobbies is lapidary, which involves collecting and cutting stones.

Miss Ebert is sponsor of the M & M's, the women's physical education majors and minors club.

Mrs. Judy Wolff and Mrs. Diane Peterson are the other two women's physical education instructors. Mrs. Wolff came from De Pauw University in Indiana where she spent three years after receiving her Masters Degree from MacMurray University in Illinois.

Mrs. Wolff is teaching general PE classes, restricted PE, bowling and badminton, and archery and fencing. She is sponsoring the WRA, Women's Recreation Association.

An alumna of Omaha University, Mrs. Peterson has spent three years at Westside High School. Mrs. Peterson is teaching general PE classes, and all dance classes. She is also sponsor of Orchesis, the modern dance honorary.

## OU Harrier Boss Seeks Candidates

WANTED: More men to go out for the Omaha University cross country team. According to Coach Lloyd Cardwell, there is still some time left to sign up for the team. He stated that he can not set up meets with other schools until he is sure that there are enough men interested in the sport.

If enough sign up, Coach Cardwell plans at least two meets away and the rest at OU.

Last year's team, under the direction of Coach Ernie Gorr, won three of eight meets and finished fourth in the CIC cross country run.

Omaha University was also host to the sixth annual National NAIA run in which 23 schools participated. That run was the largest in the history of the meet. Gene Somer was the only OU entrant in the event.

Somer, running cross country his fourth year, will be the captain of this year's team.

All men interested in participating are asked to report to Coach Cardwell in the field house.

## 'O' Club Gets Initial Win in Intramural Football Chase

The "O" Club took the first victory of the 1962 Intramural Flag Football campaign by dumping Lambda Chi 13-0 on Monday Sept. 24. Tuesdays game between the Zeke Moe Joes and the Pi Kaps was scoreless until the last play of the game when the Zekes, in desperation kicked a field goal to secure a 3-0 victory.

Other scheduled games this week saw the Sig Eps, defending IFC champs, take on the Untouchables on Wednesday, after this paper went to press. Thursdays game pitted the TKEs against Theta Chi on the Women's Athletic Field.

Schedules of upcoming games can be picked up in the office of Mr. Bert Kurth, Rm. 250 A of the Student Center.

The Four-Mile relay will be held on Friday Oct. 26 at 4:15 p.m. on the University track. Each team will consist of four men with each man running one mile. All organizations interested in participating should sign up as soon as possible.

Men's Intramural bowling starts Oct. 3 at 3:15 at West Lanes Bowling alleys.

Intramural archery will be held on Oct. 12, 26 and Nov. 2, 9. All tournaments, team and individual entry will be held on the football field at 3:15. Three of the four tournaments must be participated in to qualify for

a trophy. Teams and individuals with the highest aggregate score of the four tournaments will win trophies.

### Football Schedule

Oct. 1 Monday, 3:30—Baseball Field  
Pi Kaps vs. Sig Eps  
Oct. 2, Tuesday, 3:30—West Athletic Field

Zeke Moe Joe vs. "O" Club  
Nov. 8, Thursday—Baseball Field  
3:30—Lambda Chi vs. TKE  
4:30—Sig Eps vs. Theta Chi

When a fellow gives you an argument about the United Community Services, he probably is trying to avoid giving anything else.

### Men's Intramural Notices

Bowling starts Oct. 3, West Lanes.  
Archery starts Oct. 12, Football Field.  
Four Mile Relay starts Oct. 26, Univ. track.

Still Undefeated—

## OU Gridders Host Bradley In Home Opener Tomorrow

By Mike Moran

Omaha U's undefeated footballers return home tomorrow for their initial contest on the home field against the Bradley Braves at two o'clock.

Bradley is 0-2, losing their opener to State College of Iowa, 27-6 and dropping a 34-16 contest last Saturday to Butler at Indianapolis.

The Indians upped their record to 2-0 with a 44-12 rout of Colorado State at Greeley last Saturday before a packed house.

The Omahans started slowly, losing the ball twice by fumbles and once on an interception during the first half but managed to lead at the intermission 15-8, thanks to some fine pass catching by OU's Little All-America end Paul Blazevich.

It was Blazevich's 36 yard pass reception from Carl Meyers that brought the Indians from a 8-7 deficit to their half-time lead. Louie Miloni scored Omaha's first TD on a four yard scamper early in the first quarter.

Fine passing by quarterback Tom Carlson set up CSC's first half score which put them briefly ahead, and the Coloradans were just twelve yards short of paydirt again as the first half came to an end.

### Indians Come to Life

The second half was a different story, however, as the 1962 version of the Indians final-

ly jelled. Meyers passed to Blazevich for two quick scores, sneaked one over himself and within eleven minutes the bewildered Bears were down by 28-8.

OU added another touchdown when rookie Tom Wolff deflected a pass into the waiting arms of George Payne who scooped up the ball and raced into the end zone.

Sandwiched between these scores were a pair of Colorado State touchdowns including a pass interception on a muffed handoff which went for 56 yards.

Individual honors must go to Blazevich, who played perhaps his best game in two years and to Meyers who called a brilliant game, choosing spots for Rocket Roger Sayers which broke the Coloradans backs.

Meyers passed for 124 yards and 3 touchdowns while running for 64 yards himself. Rocket Roger returned to form with a total of 101 yards rushing on 12 carries for an 8.4 average.

OU ..... 7 8 14 12 — 41  
Colorado State 0 8 7 7 — 22

Omaha Scoring:

Blazevich, 36, pass from Meyers)

Miloni (4, run)

Meyers (9, run)

Blazevich (16, pass from Meyers)

Blazevich (12, pass from Meyers)

Payne (16, pass from Gibson)

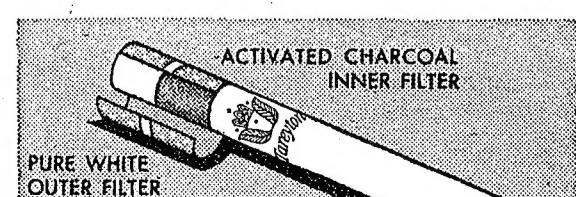

Yards rushing ..... 323

Yards Passing ..... 134

"Tareyton's Dual Filter in duas partes divisa est!"

says Ursus (Bear Foot) Sulla, popular Coliseum bear fighter. "We animal wrestlers fight tooth and Claudio to get to that first post-fight Tareyton," says Bear Foot. "Try a couple of pax and enjoy flavor—de gustibus you never thought you'd get from any filter cigarette!"
